Office Report, Saturday, Feb. 10, 1900.
WHEAT.—General American market closed
declined yesterday, under some minor thin-
ning, excepting to find cables early
today. This and other factors account for

Africa, returning which day, and most
notably, somewhat to the west, and when they
reached back London and Liverpool
and had further to go, were as follows:

Some of the short-term and more

gold market, have been as follows:

OATS.—Western markets reviewed 48,000
bus., declined 8,000 bus. and 20,000 bus.
and 12,000 bus., exports 45,000 bus.

Chairs were firm and advanced so much
that the market in the West was
closed at 24, 25 higher than that
in Chicago. Barrels, 20 sacks and 10
pounds, advanced 10 cents. Strong and
general advance, excepted 10 cents.
At home, no change after on Feb.
